

16. How do I log my results?

When you have registered for the race you will receive a link to a google form to add your results. You must submit your results to get your medal and/or show on the results page. We do not require evidence that you have completed

the run. But please do share those pictures on Facebook or Twitter!

Once all results have been collated they will be available on the Epsom Allsorts website:

www.epsomallsorts.org.uk
